

A Leading Manufacturer & Exporter of

Dehydrated Onion - Dehydrated Garlic - Fresh Vegetables - Indian Spices

Desire Foods

Introduction

- **DESIRE FOODS** is the Premier Manufacturer & exporter of naturally grown, extra-low bacteria conventional & natural dehydrated products worldwide.
- Located on the outskirts of Mahuva a town-city in Gujarat state of India, where procurement of Onions is very easy, best quality raw onions are available around our district and state, as our land offers all what Onions need, fertile soil, adequate water supply, and basically it's an agricultural based region which for which Mahuva stands as the 2nd largest Onion producing belt in India, and thus purchases always remains under our personal supervision.
- Since our founding in 2005 we have been committed to producing finest quality of dehydrated onions, garlic & dried vegetables. Now under new innovation, we continue to produce the same high quality products from seed to harvest.
- Employing this hands-on philosophy at our facilities in the state of Gujarat, aided by the latest technology, we can trace our products to the very field from which they were grown.
- **" Quality Beyond Assurance & empowering people to Eat dehydrated ingredients! "**

Activities

- **DESIRE FOODS** is highly experienced in this activity for procurement of raw materials, we had the knowledge how to produce quality Dehydrated Onion products with hygienic conditions as per today's international standards to meet all the customers' requirements. Thus beginning the production with a yearly capacity of 4000 metric tons of Dehydrated Onion products it has gained a grand success to achieve its total sale to its renowned quality conscious clients till today.
- **DESIRE FOODS**, has been recognized by many of its clients mainly in USA, Canada, Mexico, Brazil, Israel, South Africa, Saudi Arabia, Singapore, Japan, United Kingdom, Germany, Spain, Netherlands, France, UAE, Belgium, Australia, New Zealand, Liberia, & many other countries, its goal does not have a full stop here, but still to be recognized throughout the world to other customers by supplying best quality products.
- Understanding the needs of our customers, giving prompt answers and resolutions to problems and queries and dealing with them swiftly, efficiently and courteously are all factors in our approach to customer service and secondly the main cause for achieving this standard of progress is the pre-planned entire factory set up, which is well organized, as well as the process of manufacturing is adopted in such a manner, due to which factory remains in a sanitized, Hygienic Condition, standardized as per today's international requirements for a Food Manufacturing Unit.

Vision

- The company continual growth is testimony of our capability and commitment to adapt to the needs of an ever changing world.
To Challenge & Push the boundaries of Traditional Business by merging
- Advanced Technology.
- New Ideas and Environmentally Sustainable Solutions in Farming, Processing and Quality.
- Our vision is to lead as a Global Dehydrated food Solution provider through innovative processes catering to clients worldwide.

Mission

- Our mission is to be a Customer Centric, Environmentally Friendly, and Sustainable Enterprise who is able to deliver TRUE VALUE throughout the supply chain.
- **DESIRE FOODS** wants to be a Solution Provider for dehydrated products, Spices, Flavors & Blends enhancing the taste of food through better farming, production & processes.

Quality Policy

- Quality of the products make a firm to live and survive in the today's challenging market. This is the reason, we pay high stress towards it and offer only commendable quality Dehydrated food products.
- We have upgraded our facility by installing three fully Automatic color sorter to make Optical Color Sorting to maintain the hygiene product and achieve more superior quality product without impurities. We continue to strive for upgrading with R&D facility and introduce the advanced day to day technology improvements to achieve the best in end product quality, which facilitates uniform quality and availability of large quantity for shipment.
- Quality at our organization implies producing safe and hygiene food products by adopting environment friendly manufacturing process which preserves natural ingredients. Quality of a product is always gained by the combination of several important factors from procuring the right Raw material, Storing, Packing of Finished Products, Storing of the Finished Goods and Dispatch for which we pay special attention to these factors adopting Good Manufacturing Practice [GMP].
- For conducting quality tests in a systematic manner, our firm has maintained advanced testing facilities that aid in examining products on Physical, Chemical and Microbiological parameters installed with latest technology equipment such as The Laminar Floor, Microscope, Colony Counter, Autoclave, PH Meters, Distillation Plant etc which are the utmost requirement of a food processing unit. We also provide third party certification such as SGS, GEO-CHEM or any other reliable agency of customer.

Sustainability

- Sustainable development is something which is always considered as priority with Desire. We are working very closely with farming community & also engage ourselves in self farming for developing sustain ability between community, ensuring farms to fork tractability.
